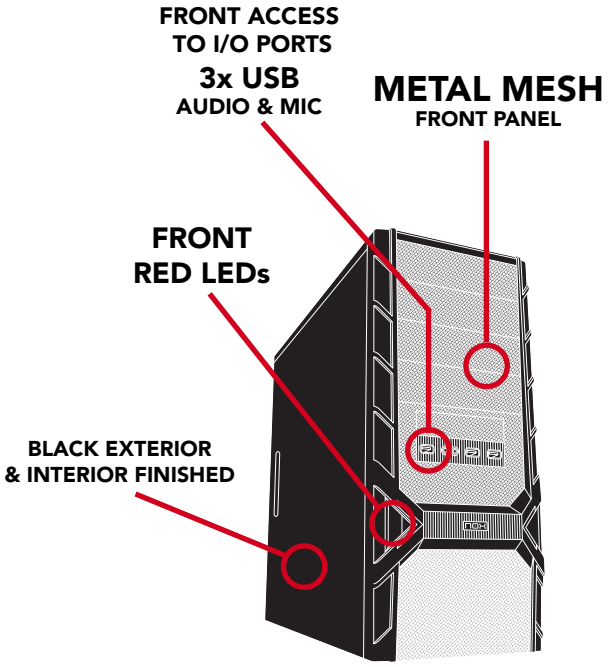
ATX MID TOWER CHASSIS.

NOX continues the evolution of the NX series with the new NX-2. This new mid-tower chassis, comes with plenty of advanced features for a price that you won't be able to resist.

Amongst other things, we would like to highlight NX-2's cooling ability. The NX-2 comes with a pre-installed 12cm fan at the rear, but you can install up to 5 fans in this chassis.

NX-2 front panel with metal mesh finishing helps the air flow highly efficiently throughout the chassis. The NX-2 also includes filters in the drive bays and PSU, to avoid dust accumulation.

NX-2 functional design focus on the easy assembly. Screwless technology allows the effortless assembly of 5.25" & 3.5" units, giving you enough space to house up to 10 of these devices.



Chassis size type:	Mid tower
MB form factor:	ATX; Micro ATX
Exposed drive bays:	4x 5.25"; 1x 3,5"
Hidden drive bays:	5x 3.5"
Cooling system:	Front: 1x 120mm (N/I)
	Side: 2x 80/120mm (N/I)
	Rear: 1x 120mm
	Top: 1x 120/140mm (N/I)
Expansion slots:	7

Material:	Structure: SECC
	Front panels: metal mesh
	Side panel: SECC steel
Dimensions:	470 (H) x 190 (L) x 433 (D) mm
Color options:	Black with red LEDs(single option)
Front panel ports:	3x USB 2.0; 1x Mic; 1x Audio HD
Extra features:	- Black Interior
	- PSU Location at the bottom.
	- Screwless Design
	- Water cooling ready
